REPORT ON CENTRAL LABORATORY VISIT

DATE : 10-04-2022

HOURS : 8 Hrs

GROUP : I year B.Sc.(N), I year P.B.B.Sc.(N)

FACULTY : Prof. B. Vanaja Kumari & Prof. P. Shanmuga Vadivu

The permission letter obtained from concerned authority to visit the lab facilities available in the Narayan Medical College and Hospital, Total of 125 students were visited in the year of 2022. Laboratories available are Central clinical laboratory, Biochemistry laboratory, Microbiology and pathological laboratory.

Overall objectives of laboratory visit were:

1. Providing knowledge and purpose of lab and field
2. To provide students with an opportunity to learn practically through interaction and working method.
3. To provide students and insight of the practical applications of what they are learning in theory

Before visiting the concerned laboratory, they were instructed to strictly adopt the laboratory policies / SOPs as per the policy.

The students had given the feedback that the visit was very useful and helpful in research activities. After the visit that students were informed to write report on the concerned visit and submit to incharge in time for evaluation.

REPORT ON ANIMAL HOUSE VISIT

DATE: 18.05.2022

HOURS :8HRS

GROUP : I year B.Sc. (N), I year P.B.B.Sc. (N)

FACULTY : Prof. B. Vanaja Kumari & Prof. P. Shanmuga Vadivu

The animal house facility at Narayana medical college Hospital is available to boost the teaching training, and research facilities and to meet the growing demand for high-quality laboratory animals in the emergent field of Experimental Pharmacology. Qualified veterinarians and technical personnel are always at hand to help carry out research. is registered with Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA), Govt. of India, Ministry of Environment, Forest & Climate Change, Animal Welfare Division, New Delhi, vide Registration No.: **1859/PO/Re/16/CPCSEA**.

The Objectives to visit Animal houses are to

- gain knowledge on feeding and caring of animals
- gain knowledge on dissections
- develop the research skills

Permission obtained from the principal and animal House in-charge to visit animal house. Students were informed that no animal is harmed during the visit. Total of 125 students of B.Sc and P.B.B.Sc visited. Students had spent 8 Hrs in the animal House. They observed the feeding pattern, dissections on animals, and how the research activities are carried out on the animals. For the entire span of the visit, each student was entrusted with one animal which they had to feed and look after. The medicine administration method was elaborately explained by the veterinarian. This is not only helped them in the implementation of practical skills but also provided them with a mentally and emotionally fulfilling experience.

The students had given the feedback that the visit was very useful and helpful in research activities. They expressed that the visit was useful not only to have awareness but also provided them with a mentally and emotionally fulfilling experience.

REPORT ON HERBAL GARDEN VISIT

DATE: 12.05.2022

HOURS :8HRS

GROUP : I year B.Sc. (N), I year P.B.B.Sc. (N)

FACULTY : Prof. B. Vanaja Kumari & Prof. P. Shanmuga Vadivu

125 Nursing students visited the herbal garden after obtaining permission from the concerned authority which is, available in the Narayana Medical College and Hospital Campus the visit was planned to fulfil the following objectives:

- To encourage students to use herbals in food the competition has three major components
- Herbal posture with recipe use of herbs is increasing in cookery practices and forms and important dietary supplements.
- To encourage and promote college to introduce the home herbal garden concept to students.
- To educate students in identifying different types of herbs and their uses including growing them in garden.
- To inoculate sense of familiarity from childhood with surrounding biodiversity and its conservation especially herbal plants.

During the visit they were involved in planting sapling during gardening programme, spraying insecticides to avoid damaging of plants. Watering and looking after plants. This helps in identification of various plants on a regular basis. Cleaning surrounding of plants.

Students are motivated to take benefit of this garden to identify species and to understand the morphological characterization of medicinal plants.

This visit was considered much useful to know more about the herbs, plants with their medicinal values. The students had given the feedback that the visit was very useful and helpful in research activities.

REPORT ON CENTRAL LABORATORY VISIT

DATE : 10.04.2022

HOURS : 8 Hrs

GROUP : I year M.Sc. (N)

FACULTY : Prof. A. LATHA

The permission letter obtained from concerned authority to visit the lab facilities available in the Narayana Medial College and Hospital, Total of 118 students were visited in the year of 2022. Laboratories available are Central clinical laboratory, Biochemistry laboratory, Microbiology and pathological laboratory.

Overall objectives of laboratory visit were:

1. Providing knowledge and purpose of lab and field
2. To provide students with an opportunity to learn practically through interaction and working method.
3. To provide students and insight of the practical applications of what they are learning in theory

Before visiting the concerned laboratory, they were instructed to strictly adopt the laboratory policies/SOPS as per the policy.

The students had given the feedback that the visit was very useful and helpful in research activities. After the visit that students were informed to write report on the concerned visit and submit to incharge in time for evaluation.

FEEDBACK ON CENTRAE LAB VISIT

13/04/22

It was an immense pleasure and knowledge giving posting to the central lab we were taken there in a group of 10 members each

where we saw various procedures like Pathology, Microbiology and biochemistry. This posting was very useful as we had good experience in seeing and learning the procedure. Such visit help us to see both the theory and practicals. -And increase our educational knowledge

REPORT ON ANIMAL HOUSE VISIT

DATE : 18.05.2022

HOURS : 8 HRS

GROUP : I yr M.Sc. (N)

FACULTY : Prof. A. LATHA

The animal house facility at Narayana Medical College Hospital is available to boost the teaching training and research facilities and to meet the growing demand for high-quality laboratory animals in the emergent field of Experimental Pharmacology. Qualified veterinarians and technical personnel are always at hand to help carry out research. Is registered with Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA), Govt. of India, Ministry of Environment, Forest & Climate Change, Animal Welfare Division, New Delhi, vide Registration No.: **1859/PO/Re/16/CPCSEA**.

The Objectives to visit Animal houses are to

- gain knowledge on feeding and caring of animals
- gain knowledge on dissections
- develop the research skills

Permission obtained from the principal and animal House in-charge to visit animal house. Students were informed that no animal is harmed during the visit. Total of 18 students M.Sc. (N) visited. Students had spent 8 Hrs in the animal House. They observed the feeding pattern, dissections on animals, and how the research activities are carried out on the animals. For the entire span of the visit, each student was entrusted with one animal which they had to feed and look after. The medicine administration method was elaborately explained by the veterinarian. This is not only helped them in the implementation of practical skills but also provided them with a mentally and emotionally fulfilling experience.

The students had given the feedback that the visit was very useful and helpful in research activities. They expressed that the visit was useful not only to have awareness but also provided them with a mentally and emotionally fulfilling experience.

Feedback on visit to Animal House.

11-04-22

It was an immense pleasure and knowledge giving porting to the Animal house. we were taken there in a group of 10 members each, we saw many animals, starting from rabbits to wild cats. Such visit was very useful to us, as we could learn about their feeding habits and living habitats and the care that is required to nurture them. Having such a center in the campus itself, helps us to be a part of the natural surroundings. we are thankful to our teachers for taking us for the animal house visit.

REPORT ON HERBAL GARDEN VISIT

DATE : 12.03.2022

HOURS : 8 Hrs

GROUP : I yr M.Sc. (N)

FACULTY : Prof. A.Latha

18 PG Nursing students visited the herbal garden after obtaining permission from the concerned authority which is, available in the Narayana Medical College and Hospital Campus the visit was planned to fulfil the following objectives:

To encourage students to use herbals in food the competition has three major components.

- Herbal posture with recipe use of herbs is increasing in cookery practices and forms and important dietary supplements.
- To encourage and promote college to introduce the home herbal garden concept to students.
- To educate students in identifying different types of herbs and their uses including growing them in garden.
- To inoculate sense of familiarity from childhood with surrounding biodiversity and its conservation especially herbal plants.

During the visit they were involved in planting sapling during gardening programme, spraying insecticides to avoid damaging of plants. Watering and looking after plants. This helps in identification of various plants on a regular basis. Cleaning surrounding of plants. Students are motivated to take benefit of this garden to identify species and to understand the morphological characterization of medicinal plants.

This visit was considered much useful to know more about the herbs, plants with their medicinal values. The students had given the feedback that the visit was very useful and helpful in research activities.

Feedback on herbal Garden Visit

11-04-22

I visited herbal garden in which is situated in College of Pharmacy with various medicinal plants in fresh as well as in dry form and they are used for various therapeutic uses and it was useful to refresh my knowledge and I will be able to use in Patient care with higher authority permission.
