

### **2.2.3. Institution facilitates building and sustenance of innate talent/ aptitude of individual students (extramural activities/ beyond the classroom activities).**

The primary goal of nursing education to prepare the nurses to meet diverse patients' needs; function as leaders; and advance science that benefits patients and the capacity of health professionals to deliver safe, quality patient care. At the same time, nursing education needs to be transformed in a number of ways to prepare nursing graduates to work collaboratively and effectively as a team in a variety of settings. In college level it can be improved by making the students to be active by organizing various programs.

College is a fab place to get stuck in to sports and hobbies, and the correct place to meet lots of like-minded people. College has various committee including sports committee, cultural committee from the students of every year from under graduate and post graduate courses, which gives the best opportunity to work as a team to improve the team-spirit.

The institution organizes annual sports meet every year for students and teacher to make the students physically and mentally fit and to Relax and refresh. Cultural competitions Programme are conducted to bring out their talents and innovating ideas. and extracurricular activities along with celebration of national festivals and health days to exhibit the core talents of students. Annual sports meet including indoor competitions like chess, caroms, skipping, thread and needle and bun eating and outdoor competitions like lemon and spoon, brick walk, kho-kho, throw ball, running race, frog race, treasure hunt and javelin throw are conducted and evaluated by Physical Education Director, Mr. Silvi Babu. PED is planning and organizing the whole sports meet with the help of teaching faculty. Sports activities are conducted for teaching and non-teaching faculty also along with students. Faculties are given prizes who achieved first, second and third prizes.
