EMPOWERMENT OF WOMEN THROUGH LEGAL AWARENESS PROGRAM- 2021

Gender sensitization is a major issue in Indian Society. It is basically a male dominated society where women are always considered on a secondary place in every field of life. Indian society must practice the equality between male and female. Indian constitution has given the equal status to both. Considering this fact, the college has organized women empowerment program on legal awareness of laws.

Empowerment of women through legal awareness program was organized by Narayana college of Nursing on 12/11/2021. Total participants were 360 including faculty and students. The detailed report about this program is as follows:

Dr. Indira.A, Principal, NCON, Mrs.Prof. Rajeswari, Vice Principal, Prof B. Vanaja kumari, and all the HODs participated, Students of I & II B.Sc. Nursing were the participants of the program.

Sri. Srinivasulu Naik, Civil judge cum secretary from Nellore made the students aware about the declining male-female gender ration in population, dowry prohibition act and girl child benefits. The reasons behind this problem were also discussed. He compared the status of women in Indian society with the rest of the world. The program concluded with vote of thanks followed by National Anthem.

GENDER EQUITY: SENSITIZATION

EXTRACT OF ANNUAL REPORT

Gender equality becomes one of the main elements of the reform process of our institution. Women's right to equal treatment is above all a fundamental human right. Discrimination is recognized in various life sectors of women now a day. The institution prepares action Plan, develops programs and monitors its implementation related to gender equity. Nursing is considered to be the female dominant profession in the traditional period, but recently due to health care demand men also appear in equal proportion.

In all health care settings nurses are dealing with both genders. Hence Gender sensitization becomes a vital part of curricular and college activity. In nursing curriculum many gender related topics are included to address the gender related health issues. These programmes are aimed to create awareness among students and faculties. So far, a total of 7 programs were organized in the institution.

The college as initiated to conduct the Gender sensitization programs in the year of 2016 to 2021 with the aim of achieving gender equality, strengthening the women empowerment activities, creating awareness on gender issues, offering guidance and counseling to resolve the gender sensitive issues.
