PROCEDURE:

The curriculum imparted is explained to the parents - The number of subjects covered, details about the unit tests and sessional exam conducted, and the internal marks scored. The performance of the student is discussed with them in detail concentrating on the marks obtained, strengths and weaknesses of the student, highlighting the areas of improvement. The efforts taken to concentrate the students by giving remedial classes are discussed with the parents. Their doubts regarding curriculum and student performance are clarified.

The parents' feedback is most valued and welcomed, concentrating on parents' suggestions for improving the all-round development of the student. Parents are free to express their grievances, if any, and action is taken appropriately. The suggestions obtained from the parents are summarized and analyzed. Suggestions regarding remedial actions are discussed with the parents and implemented.

The remedial actions suggested by the parents are organized and implemented. The student's performance after implementing remedial measures is analyzed and recorded for further action.
