REPORT ON OBSERVATIONAL VISIT URBAN PRIMARY HEALTH CENTRE

Date: 11.03.2024

Objectives

At the end of the observational visit the student will be able to

1. Understand the objectives of Primary health centre.
2. Understand the functions of Primary health centre.
3. Describe the activities of workers at Primary health centre.

Plan of Action

The students of I Semester B. Sc (N), Narayana College of Nursing planning to take an observational visit to Urban Primary health centre, Saraswathi Nagar on 11.03.2024 as a partial fulfillment of their Curriculum.

Report

Narayana college of Nursing Organized an observational Visit of Urban Primary health centre, Saraswathi Nagar to understand about the functions and activities of Primary health centre.

The primary health centre (PHC) is the basic unit on which our entire health system is built. A PHC provides curative services for ailments; organizes preventive healthcare activities like Immunization and health education and it also promotes good health through campaigns on nutrition and other activities.

The PHC medical officer has mainly administrative and clinical responsibilities. The administrative functions include keeping attendance, replying to official communication, staff management in the facility, supervision of maintenance of the facility including waste

management mechanisms and guidance to field staff. Within and outside the facility building, he has to keep good relationship with Panchayat officials.

The students were observed that clinical functions primarily involved examining and rendering outpatient services to people and maintained documentation. During consultation of Medical officer the patients taught about preventive health advice and warning against transmission of communicable diseases. The students also gave a recommended diet in writing with adequate explanation. When the pharmacist was away the students checked and explained the dosage of medicines dispensed by the Junior Health Assistant in the consulting room.

Photos

Students were attending orientation about PHC with medical officer on 11.03.2024.

Visit report on urban Primary Health center

As a part of curriculum requirement

I am Ateena shibu

BSc Nursing

I had went on urban Primary health centers
on 11/02/2024 in Saraswathi nagar for the
purpose to assess the services, Infra structure
and overall functioning of the health center

Objectives

1. Assess service Delivery:
Evaluate the quality & range of health services
2. Patient experience:
understand the Patient Journey from entry
to exit
3. Staff interaction:
observe communication & interaction between
health workers & patients

O.V. Reddy
Principal

NARAYANA COLLEGE OF NURSING
Chinthareddypalem,
NELLORE - 524 003.

Preparation:

- Research the centers
Gather background information on the center's services, target population, and any ongoing initiatives
- Permission
obtain necessary approvals from local authorities or health center management
- observation check list:
create a checklist focusing on key areas such as patient flow, staff behaviour, facility cleanliness, and resource availability

During the visit:

1. Arrival: Introduce yourself to the staff and clarify your purpose
2. Observe patient flow:
 - check-in process and waiting times
 - observe how patients are triaged and referred to appropriate services
3. Service Delivery:
 - Monitor consultations, treatment and follow up care
 - Assess how health education is provided
4. Staff interaction:
 - Note communication styles and patient engagement
 - observe team work among health workers.

O. S. Srinivas
Principal

NARAYANA COLLEGE OF NURSING
Chinthareddypalem,
NELLORE - 524 003.

5. Facility Assessment:

- check cleanliness organization, and accessibility of the centers
- Evaluate the condition and availability of Medical equipment & supplies

6. community engagement

- look for outreach efforts or community programs being implemented.

Post visit Analysis

- compile observations
organize notes by themes & categories.

Evaluate Findings

Reflect on the strength & weakness of Service delivery.

- Identify Areas for improvement

consider what changes could enhance patient care and operational efficiency

over view of Health centers and it's role
in the community

The urban primary health centers in
Saraswathi nagar is a crucial health care
Facility that serves as an primary point
of medical access for surrounding
Population. It's role goes beyond treating
illness it is a corner stone of preventive
care, Health education and community
well being

conclusion:

Your observational visit can contribute
to a better understanding of the health
care landscape in Saraswathi nagar. Analyzing
these aspects can help identify strengths
and areas for improvement urban
Primary health centers.

REPORT ON OBSERVATIONAL VISIT

DAMIEN LEPROSY AND TB HOSPITAL,

Date: 16.04.2024

Narayana college of Nursing planned an observational visit On April 16, 2024 for III Semester B.Sc. Nursing at Damien Leprosy and TB Hospital in Bakthavathsal Nagar from 9 AM to 1 PM. The primary objectives of the visit were to enhance understanding of patient care for individuals with leprosy and tuberculosis, learn about disease management, promote health education, and foster empathy in nursing practice. During the visit, students toured the hospital, observed nursing protocols, and engaged in interactive sessions with healthcare professionals like Medical officer ,Lab technician etc who shared insights on patient treatment and care strategies. They also had the opportunity to interact with patients, discussing their experiences and challenges, which deepened the students' appreciation for the emotional aspects of care. The visit concluded with health education workshops focused on hygiene practices and the importance of medication adherence. Overall, this experience significantly enriched the students' practical knowledge and reinforced the compassionate role of nurses in managing chronic illnesses.

Field visit on Damien Leprosy and TB hospital

As a part of the curriculum requirements we 2nd semester BSc (N) and had went to visit on Damien Leprosy and TB hospital.

Objective of the visit

⇒ The primary aim of the visit was to assess the facilities and services provided for patients with leprosy and TB and to evaluate the overall operational effectiveness of the hospital.

Preparation :-

- Research : familiarize yourself with the history and mission of the center.
- Questions : prepare a list of questions or topics you wish to explore, such as patient care, challenges faced, and Community impact.

Purpose of the visit :-

- Understand the facility's operation and care strategies for leprosy and tuberculosis patients.
- Learn about treatment protocols, patient management, and Community outreach programs.

Visit Report

I, a BSC (N) IIIrd semester student, had gone to an leprosy and TB hospital as part of our curriculum requirement. I reached the hospital and permission was obtained by the doctor from the hospital. We observe patient care like the hospital provides comprehensive care for both leprosy and TB patients, including medical treatment, psychological support, and rehabilitation services. Patients expressed satisfaction with the care received, highlighting the dedication of the medical staff. Patients' education like educational programs for patients and their families on disease management and prevention are conducted, which are crucial for reducing stigma.

Conclusion :-

The hospital plays a vital role in managing leprosy and TB, demonstrating commitment to patient care. Addressing the identified challenges will enhance service delivery and patient outcomes.

Follow up :-

- o follow up on the implementation of recommendations in the next quarter.

- o schedule a follow-up visit to assess progress.

A REPORT ON OBSERVATIONAL VISIT

OLD AGE HOME

An observational visit was organized on May 26, 2024, from 9:00 AM to 1:00 PM for III B.Sc., Nursing students at the Swarnabharath Trust Old Age Home in Venkatachalam, Nellore. The purpose was to understand the functions and activities of the Old Age Home.

Objectives

By the end of the observational visit, students will be able to:

1. Comprehend the objectives of the Old Age Home.
2. Understand its functions.
3. Describe the activities of the workers at the Old Age Home.

Report

The students actively engaged with assessing their health and checking for any medical issues among the elderly. They measured vital signs, including body temperature, blood sugar levels, blood pressure measurement. Additionally, students provided health education on preventing complications related to diabetes mellitus and hypertension. They offered psychological support to minimize stress and pain for the residents. The students also assisted with personal hygiene tasks, such as bathing, dressing, grooming, and skincare, and delivered health talks on the treatment plans and medication regimens that residents needed to follow.

VISIT REPORT

• Me BSC [N] 3rd year and post bsc [N] students had gone to an old home as part of our curriculum requirement. We reached there at 10 am as per the prior permission obtained by the administrative officials from the trust. There are total 25 inmates, 12 men and 12 women. A good infrastructure is maintained in the old age home with all the amenities. We students and faculties interacted with the inmates and discussed about their daily activities like food pattern, exercises like yoga, meditation, etc.... other activities like dressing and activity and hygiene.

• Some of the homes visit into check their retab and blood sugar and enquire about their problem and note it down and give it to the authority members. We helped the inmates for daily activities counselling etc...

OBSERVATION VISIT REPORT

RURAL PRIMARY HEALTH CENTER

The Department of Community Health Nursing organized an observational visit to the Rural Primary Health Centre, Venkatachalam, and Nellore, for IV B. Sc Nursing and II PB B Sc. Nursing students on 14.05.2024. The aim was to understand the functions and activities of a PHC.

Objectives:

Understand the objectives of a Primary Health Centre (PHC)

Understand the functions of a PHC

Describe the activities of workers at a PHC

Functions and Activities:

A PHC is the basic unit of our health system, providing curative services, preventive healthcare activities, and promoting good health through campaigns on nutrition and other activities. The medical officer at the PHC has both administrative and clinical responsibilities.

Objectives of a Primary Health Centre (PHC)

Understand the functions of a PHC

Describe the activities of workers at a PHC

Administrative Functions:

The medical officer's administrative duties include:

Keeping attendance and responding to official communication

Staff management and supervision of facility maintenance, including waste management mechanisms

Guidance to field staff

Maintaining good relationships with Panchayat officials

Clinical Functions:

Dr. B. Anuj
Principal

NARAYANA COLLEGE OF NURSING
Chinthareddypalem,
NELLORE - 524 003

NARAYANA COLLEGE OF NURSING

Chinthareddypalem, Nellore - 524003. A.P.

Ph No: 0861-2317969 | Fax: 0861-2311968.

e-mail: narayana_nursing@yahoo.co.in | | principal.ncn@narayanannursingcollege.com

website: <https://www.narayanannursingcollege.com>

The medical officer's clinical duties involve:

Maintaining documentation

During consultations, the medical officer provides patients with preventive health advice and warns against the transmission of communicable diseases. The students also provided written recommendations for dietary changes with adequate explanations.

Additional Responsibilities:

When the pharmacist was unavailable, students checked and explained the dosage of medicines dispensed by the Junior Health Assistant.

Conclusion:

The observational visit provided students with valuable insights into the functions and activities of a PHC. The experience will help them appreciate the importance of primary healthcare in promoting good health and well-being

Students are providing health education on the importance of Immunization on 14.04.2025

VISIT REPORT ON RURAL PRIMARY HEALTH CENTER

As a part of curriculum Requirements I am Siya Mathew 4th year BSc Nursing. I had went an Rural primary Health center on 14/05/24 in Venkatachalam for the purpose to assess the Services, Infrastructure and overall functioning of the Health center.

OBJECTIVES

- * To assess the Quality of Healthcare services provided to the rural population in Venkatachalam.
- * To Evaluate the Infrastructure and facility conditions.
- * Review the Availability and use of medical equipment and supplies.
- * Identify common health concerns and patient demographics.

Dr. B. S. Srinivas
Principal

NARAYANA COLLEGE OF NURSING
Chinthareddyalem,
NELLORE - 524 003.

OVERVIEW OF THE HEALTH CENTER AND ITS ROLE IN THE COMMUNITY

The Rural primary health center in Venkatachalam is a crucial health care facility that serves as the primary point of medical access for the surrounding rural population. Its role goes beyond treating illness; it is a cornerstone of preventive care, health education, and community well-being.

KEY FUNCTIONS OF THE HEALTH CENTER:

- * primary health care provider
- * maternal and child health.
- * preventive care and immunization
- * health education and awareness
- * community outreach and support
- * Referral services.

A REPORT ON OBSERVATIONAL VISIT

WELL BABY CLINIC

Objectives

At the end of the observational visit the student will be able to

4. Understand the objectives of Well baby Clinic.
5. Understand the functions of Well baby Clinic.
6. Describe the activities of workers at Well baby Clinic.
7. Administer immunization to the children

Report

Department of Community Health Nursing Organized an observational Visit on 01.05.2024 at 09:00 am to 01:00 pm for IV B. Sc Nursing and M.Sc. Nursing Students at PHC, Venkatachalam, Nellore to understand about the functions and activities of Well baby Clinic.

A Well Baby Clinic deals with the total well-being of every child. Pediatricians conduct regular follow-ups once a month for the first 6 months, once every two months between 6 and 12 months of age, once every three months in the second year, and once a year until 5 years of age. The students were administer immunizations for childhood diseases such as diphtheria, pertusis, tetanus, polio, Haemophilus influenza type B, hepatitis B, measles, mumps, rubella, and varicella. The students were assessed the child's growth, development and nutrition, and concerns of the family and head-to-toe examinations done.

1. Growth assessments were done by the students on Length, weight & head circumference measurements should be taken with each visit. These measurements are plotted on growth charts and are compared to previous and later markings to make sure the baby is growing as expected
2. Well baby clinic is an excellent place for Primary Prevention & Family education especially on breast feeding & good nutrition
