Capacity building partnership projects can play a significant role so as to achieve our objectives that are in line with the University's mission of becoming one of the top 25 Universities in Africa. Hence the school would like to establish a partnership that will help to improve its capacity through staff exchange, research and academic and cultural interchange. Narayana College of Nursing, Nellore in India has enormous experience in the discipline for many more years by which it has been running a number of programs including tertiary level PhD program in Nursing. Hence the partnership with Narayana College of Nursing, Nellore will be beneficial to both institutions based on its scope and objectives.

This agreement is based on the principle of reciprocity and expresses the interest of both parties in exchanging scholars, students, academic information and materials in the belief that the research and educational process at both the institutions will be enhanced and that mutual understanding between their respective scholars and students will be increased by the establishment of such exchange programs.

Scope:

This partnership will be inclusive of all nursing related issues in academic, research, staff exchange, student exchange and cultural interchange.

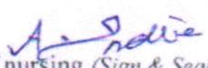

Article 1: Specific Areas of cooperation:

- o Trainings: Both short and long term training based on the interest of either party will help to improve the capacity of the staff. Hence, starting from short term trainings to M.Sc. and Ph.D. level programs can be considered.
