Narayana College of Nursing had realized the fact that without proper infrastructure, the will to excel in physical education remains distant. Hence, the college had developed fitting infrastructure of the track, Indoor, and outdoor stadium with international standards. The details of the infrastructure have been mentioned below.

Outdoor Stadium: -

- a) Two Volley Ball Courts have been constructed with international standards.
- b) Two Basket Ball Courts also have been made available.
- c) Sensing the interest of the students, in table tennis and tennis, two table tennis courts and a common Lawn Tennis court have been constructed. A notable point is that all the above courts are furnished with synthetic flooring. They have also been provided with floodlights in night also, enabling the players to practice.
- d) A fully developed and well-maintained track also has been developed for practicing sprints and field events like 400 meters and eight lanes.
- e) A cricket stadium, for practicing the most popular game in India has been made available to the players with turf pitches.
- f) Kabaddi and Kho – Kho games have been accorded due importance by the construction of the counts with standard measurements.
