Message from Principal's desk

***EDUCATION BREEDS CONFIDENCE, CONFIDENCE BREED HOPE, HOPE BREED
PEACE***

Greetings from Narayana College of Nursing. My warmest congratulations to you for choosing to pursue a career in Nursing in order to improve both your personal and professional lives. In India and around the world, the nursing profession is a vital component of the health care system. Regarding the Indian educational system and the employment chances that are available, it has multiplied and established new trends. Compared to the other professional programs offered through India's higher education system, nursing enjoys an equal standing. Because there is just one profession that is expressly trained to provide nursing services, India has the third-largest healthcare professional group in the world, which is a result of these factors. Due to the foregoing, I would want to categorically claim that Narayana College of Nursing, established in the year 2002, is functional in acute liaison with its vision and mission as a universal leader for innovations, research, education, attitude and practice to create positive changes in all health care settings and outcome.

The institution features a modern infrastructure, well-stocked library, fully furnished dorms, and a canteen. It also offers laboratories that are ultra-modern, well-equipped, and roomy. Additionally, it features a placement cell that is open 24 hours a day, 7 days a week, and which is crucial for providing qualified students with prompt, appropriate guidance in line with their abilities. For each student's holistic development, the institution also organizes training sessions, guest lectures, seminars, conferences, workshops, FDP, sporting events, cultural activities, etc. The conduction of soft skill training sessions by the professionals is an attempt to help students become job ready.

D. B. Chinn
Principal
NARAYANA COLLEGE OF NURSING
Chinthareddypalem,
NELLORE - 524 003

A. S. Indira
Principal
NARAYANA COLLEGE OF NURSING
Chinthareddypalem,
NELLORE - 524 003

- Narayana College of Nursing was established in the year of 2002 - 2003.
- It is recognized by INC, APNMC, Dr. YSR University of Health Sciences.
- The College runs Ph.D (N), M.Sc (N), B.Sc (N), PB.B.Sc (N) and GNM.

Narayana College of Nursing, Faculty with Students

Dr. B. Anjali

COLLEGE AMENITIES

In Narayana College of Nursing, library use do appear independent contributions to

desirable outcomes of the institution. Nurses today face challenges to ensure access and rational use of efficacious, quality, and safe patient care and health technologies; Strengthening and harmonization of nursing

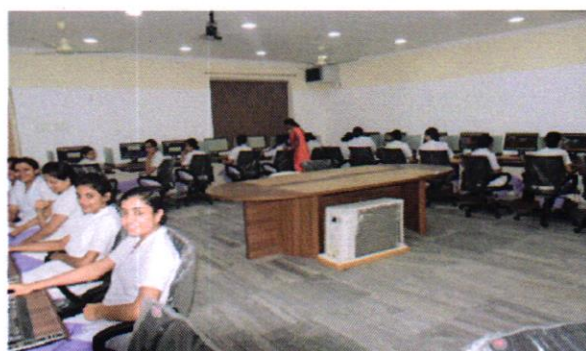

education is essential for the development of basic Nursing sciences to serve the society.

Libraries are pivotal in supporting and achieving the mission of higher education in today's information world and to make students information literate. Our library wardrobe

consist enormous quantum of books split between authors, topics, subjects, magazines and newspapers. An entire silent zone with mechanized search system is serviced by librarian who is skilled enough to handle all concerns of students.

COMPUTER LAB

Future development will be made possible through virtual technologies. The use of the internet and the availability of many research initiatives or studies will change how the medical community operates. The nursing profession benefits greatly from the use of technology; this includes the monitoring of patient profiles, patient interactions, database management, care delivery, patient counseling, billing, and purchasing.

The labs at Narayana College of Nursing are well-kept, internet-enabled, and networked with authorized software programmes. Another required service is the

availability of Wi-Fi, allowing students to complete projects and learn programming without being restricted to computer laboratories for their daily technological needs. The computer lab is always connected to the internet.

Long before the prehistoric era, people employed plants for medical purposes. There is evidence that around 4000 years ago, Unani Hakims, Indian Vaid, and cultures from the Mediterranean and Europe used herbs as medicine. Herbs were employed in healing rituals by indigenous societies in Rome, Egypt, Iran, Africa, and America, while other cultures formed traditional medical systems like Unani, Ayurveda, and Chinese Medicine that systematically utilized herbal remedies. The garden is well-maintained. According to the curriculum, the students visit, care for, and expand upon the garden.

SPORTS:

The Online Quiz (Sports) competition provided a unique opportunity for students to engage in a fun and educational experience. It fostered a sense of community and camaraderie among participants, even in a virtual environment. The initiative by the Sports Committee to organize such events is vital in promoting knowledge, encouraging healthy competition, and enhancing the overall college experience at Narayana College of Nursing.
